

RECORD OF INTERVIEW

As an additional record of interview, Applicant confirms the accuracy of the Interview summary, and thereby provides herewith the Substance of Interview required under MPEP § 713.04. Applicant also mentions that it was discussed that: the present application is owned by Health Research Incorporated (affiliated with New York State), and that the only approved recombinant vaccinia product on the market is RABORAL, a recombinant vaccinia-rabies bait drop (used for immunizing animals in the wild against rabies) that is only made available to governmental entities. Examiner Mosher indicated an appreciation of the RABORAL product, as well as success in the field and its unavailability to private individuals.

CONCLUSION

In view of the remarks, amendments, and Exhibits herewith, the application is in condition for allowance. Favorable reconsideration of the application and prompt issuance of a Notice of Allowance are earnestly solicited.

Respectfully submitted,
FROMMER LAWRENCE & HAUG LLP
